ABOUT US/

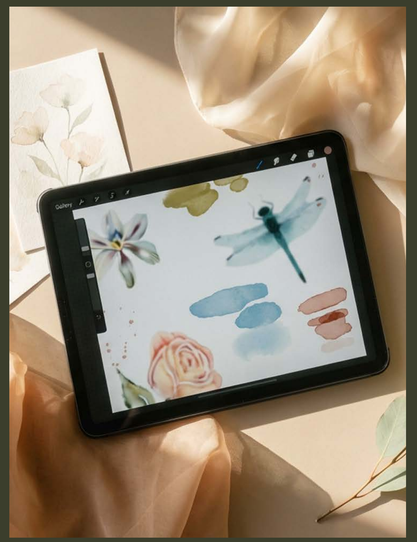

The Perla Studio — The Art of Events is a design-led creative studio dedicated to crafting events with intention, clarity, and a strong visual identity. We approach personalization as a design language, developing every concept through deliberate choices in colour, texture, material, and form. Nothing generic, nothing accidental, each detail is considered, refined, and aligned with the overall narrative.

From concept to production, we translate ideas into cohesive, elevated experiences. Through bespoke design, curated rentals, and disciplined styling, we create environments that feel effortless yet deeply considered, timeless in spirit, contemporary in execution, and quietly powerful.

WHAT WE DO

Personalization/

Customization without compromise. From exclusive patterns to bespoke finishes, every detail is developed with intention, precision, and a distinct point of view. We approach personalization as a design language, not an add-on; ensuring each element aligns seamlessly with the overall concept. Nothing generic. Nothing accidental. Every choice is deliberate, refined, and uniquely yours. Made to order, made to last.

Event Design & Styling/

Design as direction. We create environments guided by concept, mood, and narrative, translating ideas into spatial experiences through disciplined use of colour, texture, and form. Each setting is carefully composed to feel effortless, yet deeply considered; expressive without excess. The result is a visual identity that feels cohesive, elevated, and quietly powerful.

Rentals/

A refined curation of in-house designed collections across tableware, textiles, wooden elements, and bespoke décor pieces. Every item is selected or created with longevity and versatility in mind; timeless in spirit, contemporary in execution. These are pieces with presence; flexible enough to adapt, strong enough to define a space, and designed to elevate without overpowering.

Stationery/

Paper with purpose and presence. Stationery is where the story begins and often where it lingers. From invitations and save-the-dates to menus, seating plans, and on-the-day details, we design paper goods as an extension of the event's visual identity. Each piece is carefully considered; from layout and typography to materials and finishes. Creating a cohesive experience from the first impression to the final detail.

Production/

Concept to completion, executed with control. We oversee every phase of the process, transforming creative vision into reality through rigorous planning, craftsmanship, and meticulous coordination. Precision is non-negotiable. Quality is standard. The result is seamless execution, delivered with intention and upheld by uncompromising standards.

PERLA COSTUM STUDIO/

Customization without compromise. From exclusive patterns to bespoke finishes, every detail is developed with intention, precision, and a distinct point of view. We approach personalization as a design language, not an add-on; ensuring each element aligns seamlessly with the overall concept. Nothing generic. Nothing accidental. Every choice is deliberate, refined, and uniquely yours. Made to order, made to last.

PERLA COSTUM STUDIO

BESPOKE DETAILS/

Our approach is simple: ***everything can be personalised***. From linens and napkins to cushions, bars, back bars, and even dance floors, each element can be thoughtfully customised to reflect your vision. Share your idea with us — no matter how big or small — and we will guide you in transforming it into a beautifully crafted, cohesive detail.

STEP 01/

SHARE YOUR IDEA WITH US

Begin by sharing your inspiration with us — whether it's a clear vision, a mood, a reference image, or simply a feeling you'd love to translate into detail. This helps us understand your vision and the atmosphere you wish to create.

Some of our suggestions:
Linens, napkins, cushions, bars, back bars, scarves, and even dance floors…

STEP 02/

CHOOSE ONE OF OUR PATTERNS, OR SHARE YOURS WITH US

Next, choose one of Perla's exclusive patterns and let us work our magic. Each design is carefully applied to create a unique and refined result. If you already have a pattern or a personal design in mind, feel free to share it with us, we'll be happy to bring it to life!

STEP 03/

CHOOSE ONE OF OUR PIECES

Choose one of the pieces from our curated catalogue, and we will take care of personalizing it for you to bringing your chosen design to life. Every detail will be thoughtfully crafted to reflect your vision and style.

BESPOKE EMBROIDERY /

Each piece is ***personalised through embroidery***, a refined artisanal technique that brings elegance, texture, and enduring quality to every creation.
From thread colour and stitch style to the design itself, every detail can be customised — whether initials, monograms, or delicate graphic elements.

STEP 01/

SHARE YOUR IDEA WITH US

Begin by sharing your inspiration with us, whether it's a clear vision, a mood, a reference image, or simply a feeling you'd love to translate into detail. This helps us understand your vision and the atmosphere you wish to create.

Some embroidery suggestions:
Napkins, Cushions, Handkerchiefs...

STEP 02/

CHOOSE THE FABRIC

Choose the fabric from our carefully curated range of colours and textures. Each option has been selected to ensure elegance, quality, and harmony with your overall design.
We'll help you explore the possibilities, matching fabrics to the mood and style of your event, so that every choice feels intentional.

STEP 03/

SELECT THE EMBROIDERY COLOR

Select the thread colour for your embroidery, a detail that will truly personalise your pieces. From soft neutrals to vibrant shades, every colour choice adds character and brings your vision to life.
We're here to guide you in creating a harmonious combination between fabric and thread, ensuring that the final embroidery is not only beautiful but also perfectly aligned with the style and mood of your event.

THANK YOU/
